

The Toledo Allergy Society in collaboration with Mercy St. Charles Hospital invites you to attend

FeNO Measurement in Asthma Management

Monday, September 26, 2011

Presented by: Chitra DINAKAR, MD

Professor of Pediatrics, University of Missouri-Kansas City,
Faculty, Allergy, Asthma and Immunology

Mancy's Italian Grill

5453 Monroe Street, Toledo, Ohio 43623

PH: (419) 882-9229

Cocktails: 6:30 p.m. / Dinner & Program: 7:00 – 8:30 p.m.

At the end of this CME activity, participants should be able to:

- Identify patients who would benefit from exhaled nitric oxide (FeNO) measurement
- List factors that affect determination of FeNO levels
- Identify low, normal or elevated FeNO levels and be aware of their clinical significance

This activity has been planned & implemented in accordance with the Essential Areas, Elements and Policies of the Ohio State Medical Association through the joint sponsorship of Mercy St. Charles Hospital and the Toledo Allergy Society. Mercy St. Charles Hospital is accredited by the OSMA to provide continuing medical education for physicians. Mercy St. Charles Hospital designates this live activity for a maximum of 1.5 AMA PRA Category 1 credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.
